Lysaght® Solar Solutions

As we move towards a more sustainable future, buildings have a crucial role to play in reducing carbon emissions and promoting renewable energy. By leveraging solar power, you not only save on energy costs but also support the nation's green and sustainability goals by making use of your roof space.

At Lysaght, our commitment is to provide you with the best solar solution that meets your specific needs, from system design to installation and maintenance:

Customise it right for you!

Our tailored solar solutions meet your unique energy needs, maximising output and savings for optimal performance.

Fuss-Free, One-Stop Solution

With Lysaght® Solar Solutions, building owners can avoid the hassle of dealing with multiple parties for their solar needs. Our expert team handles everything from assessing energy requirements to installation and maintenance. This streamlined approach saves time and ensures a smooth and efficient project.

Proven and tested roofing solution

The longevity of a solar solution relies on the durability of the supporting roofing system. With over 50 years of trusted experience, Lysaght offers proven roofing solutions that guarantee optimal performance and durability in all weather conditions, maximising the efficiency of your solar system.

Reliability is assured with Warranty Direct from the Manufacturer

Lysaght® Solar Solutions with Colorbond® steel roofing provides a comprehensive warranty* covering both the solar panel system and the roofing material. You can enjoy peace of mind knowing that your investment is protected against defects and malfunctions.

Our Warranty* Scope:

- Up to 25 Years on Roofing Perforation Due to Corrosion
- Up to 10 Years on Colour Fading
- Up to 25 Years on Solar PV Cells

*Warranty Terms & Conditions apply
